2020 EUROVENTSUMMIT postponed

Next edition of Europe's HVACR flagship event to take place from 12 to 15 October 2021

Antalya, Brussels, 24 April 2020. Owing to the ongoing COVID-19 outbreak, the organisers of the EUROVENTSUMMIT have announced the postponement of its upcoming edition to 2021. Initially scheduled for September 2020, it will now take place from 12 to 15 October 2021 in Antalya, Turkey.

The coronavirus outbreak has resulted in the obligatory postponement of many events around the world. After evaluating the continued uncertainty around the pandemic and in consultation with the HVACR industry, the event organisers have decided that the **EUROVENTSUMMIT** will be postponed to 2021.

Mr Naci Sahin, President of the Eurovent Association, stated: "While this was not an easy decision to make, the health and safety of the participants is our number one priority. We intend to host the **EUROVENTSUMMIT** at a later date, when the public health situation will provide more certainty to all parties involved. We will be working with our partners to finalise the details and will share more information shortly."

The **EUROVENTSUMMIT** is Europe's major gathering for Indoor Climate (HVAC), Process Cooling, and Food Cold Chain Technologies, uniting 500+ key decision-makers from the EMEA region and beyond. Its upcoming edition will take place from 12 to 15 October 2021 in Antalya, Turkey, organised by the [Eurovent Association](#), [Eurovent Certita Certification](#), [Eurovent Market Intelligence](#), [COPILLOT](#), [PRODBIM](#), and [ISKID](#).

With the main theme being 'Building Bridges', the focus of the 2021 **EUROVENTSUMMIT** will be connecting manufacturers and consultants, planners, installers, trade associations and policy makers, between Europe, the East and beyond, towards more sustainable and circular products, and towards more socially and environmentally responsible industry.

About Eurovent

Eurovent is Europe's Industry Association for Indoor Climate (HVAC), Process Cooling, and Food Cold Chain Technologies. Its members from throughout Europe represent more than 1.000 organisations, the majority small and medium-sized manufacturers. Based on objective and verifiable data, these account for a combined annual turnover of more than 30bn Euros, employing around 150.000 people within the association's geographic area. This makes Eurovent one of the largest cross-regional industry committees of its kind. The organisation's activities are based on highly valued democratic decision-making principles, ensuring a level playing field for the entire industry independent from organisation sizes or membership fees.

Our Member Associations

Our Member Associations are major national sector associations from Europe that represent manufacturers in the area of Indoor Climate (HVAC), Process Cooling, Food Cold Chain, and Industrial Ventilation technologies.

The more than 1.000 manufacturers within our network (Eurovent 'Affiliated Manufacturers' and 'Corresponding Members') are represented in Eurovent activities in a democratic and transparent manner.
